English

1. Introduction

The Cutiotak management team (FIRST PARTY) provides the following information on the technical requirements for Cutiotak's performance, to serve as the basis of cooperation with the event organizer (SECOND PARTY).

2. Touring Party

The Cutiotak touring party consists of 9 (nine) people:

- 5 musicians
- 1 road manager
- 1 sound engineer
- 1 technician
- 1 documentation crew

3. Technical Requirements

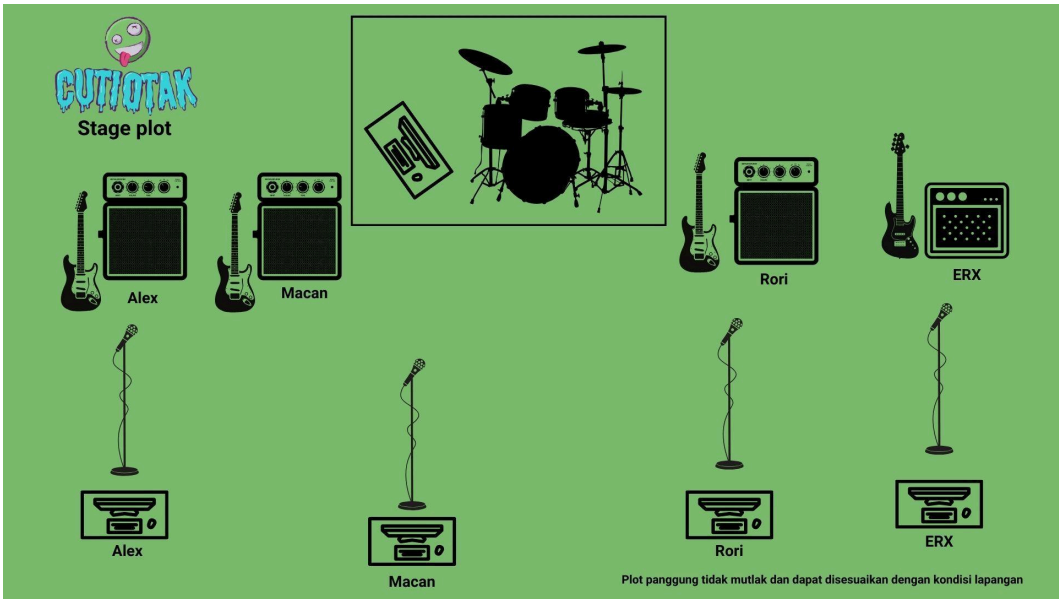

- PA system adequate to cover the entire event
- Mixer with sufficient inputs and outputs (preferably Midas M Series or Behringer X Series)
- 5 monitor speakers on separate aux sends
- 4 vocal microphones (wired/wireless) with stands
- Drum microphones for 9 channels (kick in/out, snare top/bottom, tom, floor, hi-hat, overhead L/R) with stands/clips
- 5 DI boxes
- 3 guitar amplifiers (optional)
- 1 bass amplifier (optional)
- 1 complete drum set with cymbals
- 18 input channels
- 5 aux channels

4. Input Channel List

CH	Input
